Friends and Patrons

GREETING:—

IN Presenting my catalogue for the new year, I wish to thank my numerous customers for past favors received from them, and to express my gratification in the generous amount of orders entrusted to me. I wish to call attention to the fact that my stock consists of strong field-grown roots true to name. I solicit orders with a confidence born of past experience and in continuance of the same assure them that all orders shall, as before, receive prompt and careful attention.

Yours respectfully,

W. P. LOTHROP.

Classification of Dahlias

Dahlias are Divided into Show, Fancy, Decorative,
Cactus, Pompon and Single

SHOW DAHLIAS—Include all large, close-flowering varieties of a single color, and those in which the ground color is of a lighter shade than the edges or tips.

FANCY DAHLIAS—Include all striped, large flowering varieties and those in which the ground color is darker than the edges or tips.

CACTUS DAHLIAS—Are known by their long, pointed and twisted petals.

DECORATIVE DAHLIAS—Include all large, loose-flowering varieties.

POMPON DAHLIAS—Include all small flowering varieties.

SINGLE DAHLIAS—Have but a single row of petals.

My Business Methods

The utmost care is always exercised in selecting every tuber I send out, and everyone is believed to have a least one good sprouting eye that will produce a good plant under proper care. If, however, any tuber is not entirely satisfactory when received, claims for replacement must be made immediately on receipt of the goods as my responsibility ceases when tubers arrive at destination in good condition.

In all cases the defective tuber must be returned immediately.

I guarantee all tubers to be true to name, and their arrival in good condition. Cash must accompany each order. Goods wanted by mail, add two cents on the price of each tuber for postage, unless otherwise directed. If postage is not remitted goods will be sent by express. All tubers sent by express at purchaser's expense.
